THE PALMS AT CROWN

Louis Armstrong was arguably the greatest of all Jazz musicians. Armstrong defined what it was to play Jazz. His amazing technical abilities, the joy and spontaneity, and amazingly quick, inventive musical mind still dominate Jazz to this day.

Equal parts singer, soloist, and personality, Louis' recordings cover an astounding range of styles and trends. And at every single stage of his career, he produced work

GWYN JAY ALLEN

of such staggering quality that it was never possible to dismiss this musical icon.

Performing with some of Australia's leading jazz players, Gwyn Jay Allen's *SATCHMO - I LOVE LOUIS* brings Armstrong back to life in a marvellous tribute to the great man.

Gwyn Jay Allen has mastered the voice of Louis Armstrong. His authentic vocal style, showmanship and stage presence has audiences all around the world stomping their

feet for more. And why wouldn't they?

Gwyn Jay Allen will be joined on stage by [insert female singer] where we can remember the recordings Armstrong made with leading jazz vocalists such as Ella Fitzgerald.
